Ron, just wanted to give you a heads-up that Rich Fetzer will be sending out tomorrow the summary notes to Craig Stevens and others from the informational gathering meeting he had with Mr Stevens and others in late summer. Sending them out now, while later than planned (because Rich got involved in the flood response in NE PA) is consistent with what was agreed to internally and with Mr. Stevens back at the time of the meeting. The citizens saw and commented on a draft summary a while back but we do owe them a final version.

As you'll recall Mike D'Andrea recently organized a similar info gathering session here in Philly that Trish Taylor and Dave Polish facilitated with many of the same citizen participants. Mike's plan in follow-up to that meeting is similar to how Rich approached his summer meeting with Mr. Stevens. And of course there is much overlap in what the citizens provided at both sessions. In any case, Rich coordinated with Mike to let him know he wanted to get the summary out from the late summer meeting and Mike is fine with that.

The summary does not make recommendations for action..... it merely captures the items raised.

If you need anything further on this, just let me know. Thanks, dennis.
